

Next Steps

Well, we are at the conclusion of our Parish Plan document. Many of you who have been resident in the village over the past decades may well be commenting that there is nothing new here or I've heard it all before and nothing will change. Historically, this may very well have been the case!

But now in 2005 this document will bring to the fore-front of everybody's mind what the Community has discussed.

It is noticeable that embedded within this document is an overwhelming theme of protection, be it the Rural Buffer Zone, Cycle Paths, Transport or School Parking. Protection comes in many forms and guises, to us, The LMPPSC, it means safety first in all scenarios now we have flagged the issues to you the Community and LMPC, with whom we entrust this document for consideration and delivery.

We the community cannot sit back and rest on our laurels, we must help in any way we can to ensure that in twenty years time, none of us looking at future documents can say I've heard it all before!

If you are willing to help on any future delivery groups which will be formed by LMPC then please contact the Parish Clerk on 01793 347508 or e-mail
